Objective

Enthusiastic and adaptable coding instructor with 2+ years of experience teaching K-12 students internationally. Skilled in Python, Scratch, and JavaScript, with a strong passion for hands-on STEM education. Seeking an opportunity to serve as a short-term international camp instructor where I can apply my teaching expertise, cross-cultural experience, and love for interactive learning to inspire young learners globally.

Teaching Experience

Senior Coding Instructor\ *Einstein's Square (Apr 2023 – Present)*

- Delivered 1:1 and group lessons in Python, Web Development and Scratch for students aged 6–14.
- Taught students from the **USA**, enhancing adaptability across different learning environments and cultural styles.
- Designed activity-based lessons to build logic, problem-solving, and creativity.

Coding Instructor\ *Codingal Technologies (Nov 2023 – 2024)*

- Conducted coding lessons in **Python, JavaScript, Scratch** for students aged 6–14 from **USA, UK, Nigeria, Singapore, Bahrain, and India**.
- Customized lessons to align with time zones and learning paces of international students.
- Built lasting student-teacher rapport, resulting in strong engagement and repeat enrollments.

Volunteer - NSS / Community Teaching

- Led coding & digital literacy sessions for underprivileged children during NSS camps.
- Conducted interactive workshops using Scratch and unplugged computing activities.
